### REPUBLICAN CENTRAL COMMITTEE MEETING

Headquarters Republican Territorial Central Committee, Santa Fe, N. M., August 16, 1906.

A meeting of the members of the Territorial Republican Central Committee of New Mexico is hereby called to assemble at the Commercial club in the city of Albuquerque at 10 o'clock on the morning of Wednesday, Sept. 5, 1906, for the purpose of calling and setting a day for the meeting of the Republican convention to nominate a candidate for a delegate to the 60th Congress of the United States and to transact such other business as may properly come before the meeting.

Proxies will not be recognized unless held by citizens of the same county of which the member who gives the proxy is a resident.

Every member of the committee is urgently requested to be present in person as matters of great moment to the people of the territory and to the Republican party will be discussed, considered and disposed of.

H. O. BURSUM,  
Chairman.  
CHARLES V. SAFFORD,  
Secretary.

THE Territorial Fair this year will be bigger and better than ever.

THE CARLSBAD CURRENT is preparing to erect a new building and has ordered a linotype, with the intention of starting a daily. May it live long and prosper.

THE New Mexico joint statehood people feel assured that this territory will vote their way this fall and it probably will, Arizona will go the other way.

HON. W. H. ANDREWS has announced that he is again a candidate for the honorable office of delegate to congress, subject to the action of the republican territorial convention.

### FOR ARIZONA ANTIS

If you meet a man from Arizona who boasts of his school system over there, says the New Mexican, tell him that dollar for dollar New Mexico collects and spends once and a half as much on schools as Arizona does. Tell him that building for building New Mexico education institutions and school houses are one and a half times as numerous as those in Arizona, and that the people of New Mexico have invested nearly three-quarters of a million dollars more in educational buildings than those of Arizona.

Tell him that building for building, New Mexico has twice as many churches as Arizona, and that town for town New Mexico can match Arizona with modern up-to-date American towns, and have more than twenty-five good-sized towns and villages left over, and all this without counting any of the Mexican towns and villages.

Tell him that New Mexico has about \$100,000,000 worth of constructed railroads to Arizona's \$70,000,000. That this territory has more than twice as many sheep as Arizona and three times as many cattle and Angora goats. That the Sunshine territory contains millions of acres of coal to Arizona's thousands, and that it produces over two million tons of coal a year, while Arizona

produces none. Counting every possible dollar, Arizona owes nearly a million dollars more than New Mexico, although it hasn't more than half the population.

Finally, tell him it makes the people of New Mexico tired to have the anti-joint statehood papers, the politicians and the corporations of Arizona boast "on wind." Tell him that his territory today has not within its borders a hundred thousand people of so-called American blood; that his territory has not to exceed 175,000 people, all told, and that of those about 30,000 are Indians, and 30,000 are "Mexicans," so called. Tell him that if he will take the greater registers of Arizona and look over the names in the different counties he will find that of the so-called "Americans" more than one-third are foreigners from Italy, Austria, Hungary and other non-English European countries who are more or less illiterate, and who came or were brought out by Arizona's corporations to work the mines.

If the Arizona man whom you meet and talk to desires any more points of differences in favor of New Mexico, let him come and see for himself. Seeing is believing.

### The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by the Socorro Drug and Supply Co. Price 50c and \$1.00. Trial bottle free.

### Germany Leads in Education.

Germany is the leader of the world in education. Not content with the best common-school system, the best industrial schools and the best universities, the Prussian minister of commerce is co-operating with the municipal authorities of Frankfurt-on-Main in establishing an institution in that city to increase the skill of men who are already master workmen in their craft. This school offers special instruction to carpenters, locksmiths, upholsterers and tailors. It is part of the systematic effort in Germany not only to convert laborers to skilled workmen, but to raise the standard of intelligence and efficiency in the various trades.

### Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by the Socorro Drug and Supply Co.

Seven Trains of Home-Seekers in Pecos Valley.

Fifty-four coach loads of home-seekers, the largest excursion of prospective settlers that has been sent out to the Pecos Valley arrived in Santa Fe last Wednesday night en route from Amarillo to Carlsbad. They traveled in seven special trains, and it is expected that most of them will file on homestead claims.—New Mexican.

### HOW A CIRCUS HELPS BUSINESS WITH LOCAL STORES.

It Takes Vast Amount of Meat to Feed the Animals—Big Money Left in Town.

That it does local merchants some good to have a big circus like the Sells-Floto Shows to come to town is amply evidenced by the large contracts made by local dealers. It takes money to run a great show, and it takes a vast amount of material to feed the employees and animals.

Circus people live well, and only the best of everything is used in the commissary department. That a big show leaves a liberal lump of money in a city at times is evident from the contracts made here. To a local firm the mammoth order of 1,000 pounds of coffee was given. From an equally well known grocery house \$200 worth of groceries was contracted. One hundred and fifty pairs of shoes will be added to the commissary wagon, three carcasses of beef came from a local butcher as well as 800 pounds of animal meat. Several hundred loaves of bread feed the hungry maws of the circus people daily, and these, too, come from local bakers. Seventy-five quarts of milk from the dairies. Eight tons of hay, one hundred and fifteen bushels of oats, two tons of straw and a host of other necessities were purchased in the city. All told nearly \$1,500 will be left here as a result of the advent of the Sells-Floto Shows. One of the busiest men in connection with the show is Peter J. Fink, the only registered steward in the circus business, who has charge of the feeding of the multitude as well as the purchasing for the hundreds of hungry mouths.

The date for the big shows, and it should be carefully noted, as this is the only big one coming this year, to Socorro—Saturday, September 15.

Pain from a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

John C. Fremont, the first Republican candidate for the presidency, is buried in the Rockland cemetery, on the brink of the Palisades overlooking the Hudson river, opposite Tarrytown, New York. The grave is marked only by a small iron star of the Grand Army of the Republic, although near it stands the crumbling base of a monument which his admirers planned to erect some years ago. A committee of those who voted for him in 1856 is now arranging to put up a suitable memorial. It is always desirable that the graves of the nation's eminent men should be kept green.

### Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and biliousness. 25c. Guaranteed at the Socorro Drug and Supply Co.

### Family Love.

Surround the gray heads of your parents till the end with tender and respectful affection; decorate with flowers the road leading to the grave. Diffuse the constancy of your love upon their souls; diffuse the perfume of faith and of immortality, and the love which you maintain inviolate for your relations will be to you a pledge of that which will be returned to you by your own children. Relatives, sisters and brothers, wife and children, let them be to you as branches springing in different order from the same stem. Sanctify the family in the unity of love; make of it a temple from which you can sacrifice to your native land.

I do not know if you will be happy, but I know that, if you do so in the midst of possible adversity, there will rise for you a sense of serene peace, the repose of a tranquil conscience, which will give you strength in all adversities and which will show you a silver lining to every cloud.

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

### "Peek-a-Boo" Waist Under Ban.

"I want no unseemly show of vulgarity in the house of God," announced Rev. George M. Schoener, pastor of St. Cecilia's church, Rochester, Pa., on a recent Sunday night. "Young women, go home; take off those bathing suits. This is no bathing resort," he continued. And the women with "peek-a-boo" waists bowed their heads in blushes. "The church of God is no place for a display of gaudy colors worn by impudent women, who come here to make a display of their forms and not to worship God."—Denver Catholic Register.

Chamberlain's Cough Remedy Acts on Nature's plan.

The most successful medicines are those that aid nature. Chamberlain's Cough remedy acts on this plan. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price, 25 cents. Large size, 50 cents. For sale by all druggists.

### New Clerk Appointed.

After returning to Albuquerque on Friday night from appointing jurors at Los Lunas for Valencia County, Judge Abbott announced the name of the successor of Capt. W. E. Dame as clerk of the second district court. The new clerk is John Venable, state attorney for Jackson county, Illinois, and Mr. Venable arrived in Albuquerque Friday to confer with Judge Abbott with reference to taking up the duties of his new office.

### Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator \* \* \* makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back with involution; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhea (suppression) by absent monthly periods; arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habits dragging sensation in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions \* \* \* and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

### LETTERS IN NEW SPELLING

President's Order Carried Out in All Departments of the Government.

President Roosevelt's correspondence is now spelled in accordance with the recommendation of the Carnegie reform spelling committee of which Professor Brander Mathews is chairman.

The President's order regarding phonetic spelling will be extended to all parts of the government and by his direction all documents are to be printed with that form of spelling. A committee representing various departments in the printing office has been appointed to formulate rules for carrying out this order.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. These tablets also cure indigestion. For sale by all druggists.

### Silver for Small Coins.

For the first time since the repeal of the silver-purchase clauses of the so-called Sherman act, 13 years ago, the government is buying silver. The bullion is needed for coinage into small pieces. There are abraded silver dollars in the treasury which are not current because of their light weight, and a bill was introduced in Congress at the last session to authorize the recoinage of these dollars into subsidiary coins, but it failed to pass.

## "Cut it Out"

says many a doctor to his lady patients, because he doesn't know of any medicine that will cure female troubles except the surgeon's knife.

That such a medicine exists, however, is proved by thousands of cures made by
